Environ. Sci. Technol. **2015**, 49 (19), 11631–11639. DOI: [10.1021/acs.est.5b03081](https://doi.org/10.1021/acs.est.5b03081)

A typographical error was found in eq 2 of the published paper “Source Contributions to Wintertime Elemental and Organic Carbon in the Western Arctic Based on Radiocarbon and Tracer Apportionment.” As currently written, eq 2 is incorrect; “Levoglucosan_{measured}” should be changed to “EC_{contemporary}”. The correct full equation should be

$$\text{Levoglucosan}_{\text{initial}} = \text{EC}_{\text{contemporary}} \times \text{Levoglucosan}_{\text{source}} / \text{EC}_{\text{source}}$$
