### **Investigation of Prothrombin Time in Human Whole-Blood Samples with a Quartz Crystal Biosensor**

**Lothar Müller, Stefan Sinn, Hartmut Drechsel, Christiane Ziegler, Hans-Peter Wendel, Hinnak Northoff, and Frank K. Gehring\***

(Anal. Chem. 2010, 82, 658–663)

There was a slight mistake in the reference list. Reference 14 was published in 2005, so the accurate reference 14 should be Gehring, F. K. *Schwingquarzsensoren in Flüssigkeiten: Entwicklung eines Blutanalysegerätes*; Cuvillier, E, Göttingen, 2005.
