

Correction to M13 Virus-Enabled Synthesis of Titanium Dioxide Nanowires for Tunable Mesoporous Semiconducting Networks

Po-Yen Chen, Xiangnan Dang, Matthew T. Klug, Noémie-Manuelle Dorval Courchesne, Jifa Qi, Md Nasim Hyder, Angela M. Belcher,* and Paula T. Hammond*

Chemistry of Materials **2015**, 27 (5), 1531–1540. DOI: 10.1021/cm503803u

S Supporting Information

The authors would like to change (1) the sentence on Page 1532 in Experimental Section, Synthesis of a-TiO₂ NWs, from “First, Ti(OBu)₄ was dissolved in pure ethanol (500 mL) at certain concentrations (125, 250, and 500 μL mL⁻¹), ...” into “First, Ti(OBu)₄ was dissolved in pure ethanol (500 mL) at certain concentrations (250, 500, and 1000 μL L⁻¹), ...” and (2) the sentence in the left column of Page 1534 from “...by adjusting the concentration of Ti(OBu)₄ to 125, 250, and 500 mg mL⁻¹ in a cold water/ethanol solution, respectively.” into “...by adjusting the concentration of Ti(OBu)₄ to 250, 500, and 1000 μL L⁻¹ in a cold water/ethanol solution, respectively.”

Also, Supporting Information has been updated to meet the numbering in the manuscript.
