

Correction to "Orientation-Dependent Oxygen Evolution Activities of Rutile IrO₂ and RuO₂"

Kelsey A. Stoerzinger, Liang Qiao, Michael D. Biegalski, and Yang Shao-Horn*

J. Phys. Chem. Lett. **2014**, 5 (10), 1636–1641. DOI: 10.1021/jz500610u

In a recent publication,¹ we made an error while documenting the deposition pressure in the experimental section. In contrast to the IrO₂, grown at 200 mTorr oxygen pressure as noted, RuO₂ was grown at 50 mTorr. This error does not affect any conclusions drawn in the paper. We apologize for any inconvenience this error may have caused our readers.
