

Correction to Glycans of Antibodies as a Specific Site for Drug Conjugation Using Glycosyltransferases

Pradman K. Qasba*

Bioconjugate Chem. **2015**, 26 (11), 2170–2175. DOI:10.1021/acs.bioconjchem.5b00173

The UDP-C2-keto-Gal structure in the Figure 3 and in the Graphical Abstract should be replaced by the structure shown here.

The Author thanks Dr. Sebastien Vidal for pointing out the incorrect structure.
