

Correction to “A Review of U.S. Patents in the Field of Organic Process Development Published During October and November 2014”

Keith Turner

Org. Process Res. Dev. **2015**, *19* (5), 561–575. [10.1021/acs.oprd.5b00086](https://doi.org/10.1021/acs.oprd.5b00086)

On page 566, the number and assignee of the patent entitled “Process for the Preparation of Olopatadine” are incorrect. The patent number should be U.S. 8,871,953, not U.S. 8,877,947, and the assignee is “F.I.S. Fabbrica Italiana Sintetici S.p.A., Alte di Montechio Maggiore, Italy”, not “Lupin Limited, Pune, India”.
