### **Capillary LC–MS for High Sensitivity Metabolomic Analysis of Single Islets of Langerhans**

**Kendra R. Reid, Charles F. Burant, and Robert T. Kennedy\***

(*Anal. Chem.* **2008**, *80*, 3539–3546)

In this accelerated article, a method for metabolomic analysis of single islets of Langerhans was reported. We have since been unable to verify experiments described in this paper, and therefore regretfully wish to retract the paper.
