*Anal. Chem.* **2013**, *85*, 7558–7565. DOI: 10.1021/ac401606p

For their contributions in selecting and validating the wavelength regime and the extraction solvent, Kerstin Hans and Markus Sigrist are included as authors in the original manuscript. Their affiliation is the Department of Physics, Institute for Quantum Electronics, ETH Zürich. The order of the authors should be as displayed above in this Addition and Correction.

Furthermore, ref 15 in the original manuscript is inaccurate and should be Hans et al. *Drug Test. Anal.* **2012**, *4*, 420–429.
