

## Correction to Removal of Sulfur Compounds by a Copper-Based Metal Organic Framework under Ambient Conditions

Ye Li, Long-Jiang Wang, Hui-Ling Fan,\* Ju Shangguan, Hui Wang, and Jie Mi

*Energy Fuels* 2015, 29 (1), 298–304. DOI: 10.1021/ef501918f

In the original manuscript, Figure 8 was provided incorrectly. It should be a figure of XPS spectra rather than the breakthrough curves. In Figures 10 and 11, XPS spectra for S 2p were missed. The corrected figures are shown as follows.

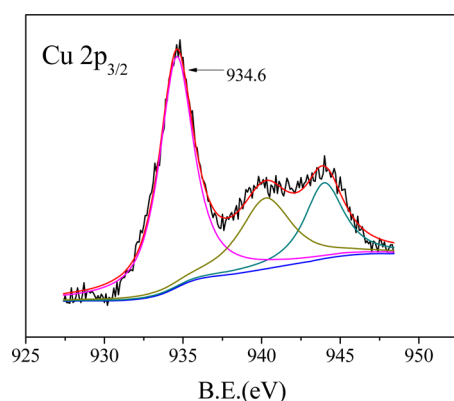

Figure 8. XPS spectra for activated MOF-199.

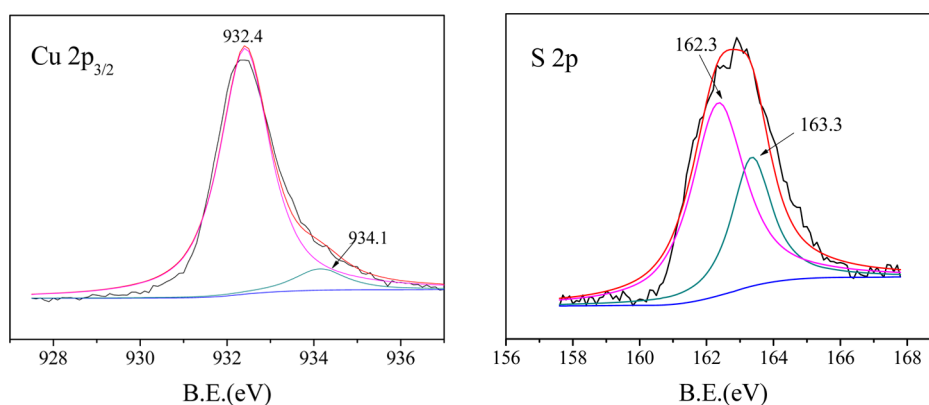

Figure 10. XPS spectra for MOF-199 after removal of hydrogen sulfide.

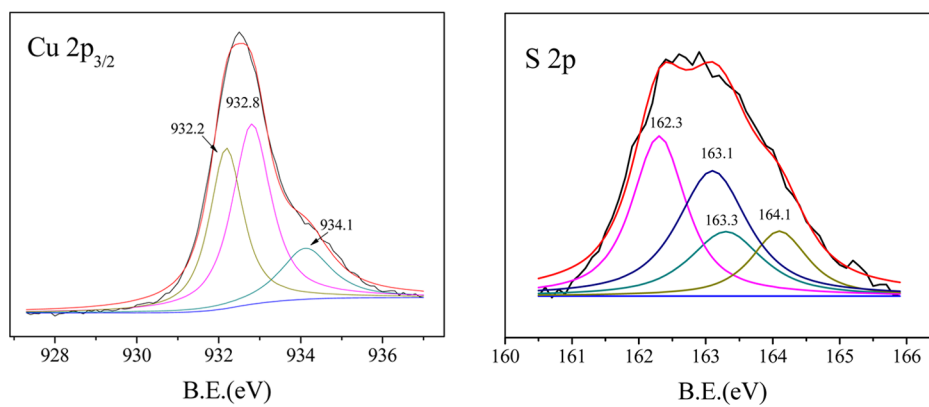

Figure 11. XPS spectra for MOF-199 after removal of ethyl mercaptan.
