

Correction to Cavity-Enhanced Absorption Measurements Across Broad Absorbance and Reflectivity Ranges

Purnendu K. Dasgupta,* Ruchika P. Bhawal, Yin-Huan Li, and Akif Ibraguimov

Anal. Chem. **2014**, *86*, 3727–3734. DOI: 10.1021/ac404251w

The following corrections to the original manuscript are needed:

In the caption for Figure 3, eq 7 should be eq 1.

On page 3731, right column, line 5, Figure 3 should be Figure 4.

On page 3733, left column, line 7, 4b should be 4.

In the Supporting Information, in the section “Derivation of eq 3”, in the bottom three equations, the right parentheses in the denominator are misplaced. It should be $(1 - R)^2 10^{-\alpha}$ rather than $(1 - R^2) 10^{-\alpha}$. In addition, in the bottom equation, b should be \bar{b} .

We thank Professor Hideji Tanaka at Tokushima University for pointing out these inadvertent errors.
